*Every player needs to attend a minimum of two (2) try-out to be eligible to be drafted to a team, but all players are encouraged to attend all try-outs to ensure that their skills are properly and fairly evaluated by the managers and coaches. A player that fails to attend the minimum of two (2) try-out will not be eligible to be drafted and will be selected out of hat and placed on teams in order of draft selection.

There will be no try-outs for players ages 5-8, except 8U's that request to move-up. Teams for 6U and 8U will be drawn by managers as hat picks.

PLAYERS

*Being selected on an all-star team is an honor and requires a lot of time and dedication on the part of the player and on the parents. Please make sure that if you and your player decide to try out for all-stars you will approach this summer opportunity with hard work, drive and determination and support your manager and coaching staff in their efforts to make your team a success. All-star teams are not recreational league teams and is very competitive softball. As such, much time goes into practicing and playing and even more time is put in by your managers and coaches in planning.

**Each all-star teams manager and coaching staff decide which tournaments they want to play in without any influence or decision making made by the HYSL board.
